Quality Colostrum & Bioactives

ColostrumGold™ ◆ ColostruMune™ ◆ TegriceI™ Bulk and Private Label

ColostrumGold™ Liquid

Developed from over 15 years of research, ColostrumGold™ is made using a proprietary process and filtering method with minimal heat to ensure maximum bioactivity and bioavailability of all of its nutritional components. Ingesting colostrum as a liquid concentrate enables the body to more easily assimilate colostrum's vital nutrients.

ColostruMune™

ColostruMune™ is a pure bovine colostrum that is standardized to provide 25% immunoglobulins, nutrients that have been clinically shown to support the immune system. ColostruMune™ is unaltered in content and is subjected to as few changes as possible in order to preserve its natural wholesomeness.

TegriceI™

TegriceI™ (patent pending) is a novel nutraceutical designed to help reduce the annoying and sometimes debilitating effects of Irritable Bowel Syndrome (IBS). It has been proven to heal and repair damaged tissue from the use of NSAID's. TegriceI™ is also beneficial in other conditions that cause intestinal damage.

Quality Colostrum from America's Heartland

Colostrum is an exceptional nutritional substance, produced by mothers for their newborn, that supports and nourishes the immune system. It provides a perfect combination of immune and growth factors including immunoglobulins, lactoferrin and insulin-like growth factor 1 (IGF-1), amino acids and other important nutrients. Scientific studies have clearly shown that colostrum and nutrients derived from colostrum:

- ◆ Enhance the Digestive System
- ◆ Support the Immune System
- ◆ Stimulate the Normal Growth, Regeneration and Repair of Muscle, Skin Collagen, Bone Cartilage and Nerve Tissue
- ◆ Build Lean Body Mass
- ◆ Improve Vitality and Athletic Performance

“Made in America” for Sterling Quality

Sterling Technology, Inc. takes great pride in hard work and quality colostrum. In every step of our careful process, we guarantee the purest, highest quality products available on today's market. All Sterling Colostrum comes from cattle raised in the United States of America. ColostrumGold™ and ColostruMune™ are produced from healthy, nutritionally-supplemented cows on USDA and FDA certified dairy farms. These cattle are carefully fed a scientifically-designed diet that contains the proper balance of legumes and grasses along with minerals and trace minerals to ensure consistently high potency colostrum.
